

5 ARE VICTIMS

STEEL STRIKERS INDULGE IN LAWLESSNESS.

Troops Fire Into the Mobs and Guardsmen, Deputy and 3 Ailens Are Dead.

Pittsburg, Pa., Aug. 22.—One State trooper and one deputy sheriff and three foreigners were shot and killed tonight in a wild riot at the Pressed Steel Car Plant in Schoenerville, whose employes are now on strike.

At least a score of persons were seriously wounded, ten fatally.

The rioting followed a day of quiet and broke without warning.

At midnight the following partial list of dead and injured was made up from reports received from the morgue hospitals and several physicians' offices.

Dead:

John L. Wilson, State trooper. Harry Exler, Deputy sheriff. Three foreigners.

Fatally injured:

John C. Smith, State trooper. Leellian Jones, State trooper. Seven foreigners.

One Woman Injured.

George Kitchen and John O'Donnell, State troopers, were seriously injured and one woman was shot in the neck.

Over a score of more persons received more or less serious injuries.

The riot scene was practically indescribable. Mounted State troopers galloped indiscriminately through the streets with riot maces drawn, cracking the heads of all persons loitering in the vicinity of the mill. Deputy sheriffs and troopers broke in the doors of houses suspected of being the retreat of strikers, and wholesale arrests were made.

From 9:30 till 11:30 scores of persons were arrested and placed in box car jails in the mill yards.

During the early stages of the rioting, women were conspicuous. Some of them were armed; others used clubs and stones. These women, all foreigners, insane with rage, were mainly responsible for inciting the men to extreme measures.

At midnight quiet reigned in the strike zone.

Sheriff Gambert, at the County jail, called for fifty men to serve as deputies at the strike zone at ten thirty o'clock. At eleven o'clock the sheriff started in an automobile for the scene of the rioting. He took with him ten riot guns and two boxes of ammunition.

The county morgue has sent for the bodies of the dead troopers and the deputy sheriffs.

The Ohio Valley Hospital has treated ten injured three of whom are reported fatally hurt.

THE HOLDER BENEFIT

There will be a repetition of "The Plunger" tomorrow night for the benefit of Mrs. Holder and her family. Mrs. Holder is the mother of the young man killed in the fire last Thursday morning, and he was her sole dependance, and positively every penny of the proceeds of the evenings enter-

tainment will be given to this lady publish it using an initial or nom deplume, when desired.

But don't jump on some man when you are mad, and expect us to publish it. Stay within the bounds of reason. And remember that we reserve the right in every instance, to publish or not to publish, that which might be to express their most sincere thanks to the ladies of the Woman's Home Mission Society for the interest they are taking in the benefit play and the selling of the tickets.

The price of admission will be 50 and 25 cents as before, but here will be no reserved seats. Everyone must come early and get a good seat. Ushers will be on hand to assist you in getting one. Doors open at eight o'clock and the performance begins promptly at eight thirty.

Tickets now on sale at every Drug Store in town.

COOKED SUPPER, ROBBED HOUSE.

W. J. Simmons and family who lived in the Porter house on West Main Street, have been spending a week at the Bay.

They arrived last night on the late Bay train, only to find that their house had been entered and robbed.

W. F. Arcey and J. G. Owens, who live right near, saw smoke coming out the stove chimney, but thought that the family had returned from the bay, as they were expected last night. It was the burglars, who, on finding plenty of red gravy buns, decided to cook up a supply and eat. They emptied drawers, turned trunks upside down, and scattered things over the room in a manner to make one mad.

Many valuable articles and some money were missed, but no clue as to the parties.

Chief Domingus has the matter in hand, and may have a clue by this time.

GOT PERSONAL.

At the Holy Rollers meeting, which is held in a small house on South Allee St., last night, there came very near being a serious row when several of the congregation were pointed out as being on the direct road to hell.

One young lady who was making a talk took special pains to tell them about some of their associates who died recently and about how quick they had gone to hell. She also called the names of several in the congregation who, in her belief, were not going to heaven and thus was readily resented by the parties to whom she referred. They told the members of this organization to move their things out, as they were going to burn their church and its contents. They at once began to move the entire contents of the building which consisted of a few lamps and a table.

One young man rose and requested them to quit talking of killing their friend who was killed a few days ago, or there would be trouble. As soon as their intentions to burn the house was announced, the meeting broke up and everybody went home. Up till now no smoke has been seen arising from that way.

MRS. J. T. DAVIS DEAD

Passed Away at Her Home in Columbia Sunday Buried Today

Mrs. John T. Davis of Columbia died yesterday morning at the family home on North Main St., after an illness of several days.

Mrs. Davis was one of the best women who ever lived in Columbia, and the good that she did in that community will live.

She was married to Captain John T. Davis, at Marianna, before the war, and they lived there for some time, and then moved to Gordon where they resided till moved to Columbia, where they about the early 70's when they have lived since.

The couple had four daughters born to them, Mrs. M. L. Dekle, of Marianna; Mrs. L. G. Clark, deceased; Mrs. G. H. Malone, this city, and Mrs. Geo. L. Campbell, of Columbia; and two sons, John T. Davis, Jr. of Columbia and Chas. H. Davis, of Columbia.

The history of Columbia and that section of the country could not be written without recording the many good deeds that this honored couple have done during their residence there of a half century. There is hardly a country church within ten miles of Columbia that didn't know and love the name of Mrs. Davis, who was an ardent worker among struggling churches of her community, and her work in Columbia among the poor people will ever be remembered pleasantly by them.

The funeral took place this morning at Columbia, and several of Dothan's people went over on the morning train to be present at the burial.

NOTICE TO PATRONS OF DOTHAN CITY SCHOOLS.

The City Schools of Dothan will open on Monday, September 6th.

At a recent meeting of the Board of Education, it was decided to adopt the same scale of matriculation fees for the session of 1909-10, as was paid last year. There will be no increase over last year in any of the grades.

The Board further decided, in order to regulate the collection of the School fees more satisfactorily to request all pupils before applying for admission to school, to first present their school reports to the cashier of Houston National Bank, pay to him the required amount of matriculation fee and receive an admission card for the grade to be entered in school.

These admission cards must be presented to Superintendent or Principal, who will direct pupils to the grades in which they belong.

Respectfully,
J. V. BROWN,
Supt. of City Schools.

Fresh Celery, 10c bunch, at Roland's.

Please your orders for some of that nice Celery just received at Roland's.

Miss Blount, who has been visiting Mr. H. A. Blount, returned to her home in Union Springs today.

AIR YOUR TROUBLES.

Along at different times when we have the room, we will publish letters from our subscribers who have a complaint, a grouch, a kick, or other pleasant or unpleasant form of disturbance.

We want the name of the writer in every instance, but will not and her family.

There has been and will be no expense attached to the play, thus the whole of the proceeds will be donated.

"The Plunger" company deserves nothing of a personal nature, reflecting on some one's character will be allowed.

Confine each letter to a reasonable length—not more than 200 words at the most.

If the shade trees on your streets need trimming up, or the boys ride bicycles on the sidewalk, or the cows get into your garden, make a suggestion. If the prohibition question suits you, say so. What you say will be the thoughts of one man, and doesn't mean that the Dothan Eagle is for or against it. We have our own opinions, and speak them, or not, as we like, and you are accorded the same right through our "People's Forum" column, or kick column.

Another thing: There are too many typewriters in town for you to fool away valuable time writing with a pen or pencil. Get it typewritten.

OF INTEREST TO CORN GROWERS.

Mr. Editor:

Please say through the columns of your paper that all contestants for the prizes offered last October for the largest yields of corn grown on an acre of upland after the Williamson method in 1909 are requested to write me giving the following information.

1. Character of land.
2. When and how soil was prepared.
3. When and how it was cultivated and fertilized.
4. When and how much nitrate of soda was applied.
5. When were pens sown and crop laid by.
6. At how many bushels do you estimate the yield.
7. What has been the yield after the old method.

On receipt of the above information those contestants who desire it will be furnished with rules by which the committee on measurement of yield will be governed in determining the yield, and also a blank form for its report.

I would be pleased to be informed as to the results obtained by any one who has tested the method regardless of whether they are contestants for the prizes or not.

This information is for the benefit of the general public.

Yours truly,
W. H. SEYMOUR.

P. S.—Under the rules, no corn can be harvested before Oct. 1st, nor within 180 days from time of planting.

Jerome Porchorn went to Selma today.

Miss Jessie Buntin went to Orank today.

Dr. P. B. O'Kelly of Tinscomb was in town awhile today.

COURT CLOSING TO-MORROW

United States court will close to-morrow, having run through with all the cases that are ready for trial at this term of court.

The grand jury will make its report the first thing in the morning.

Somebody has lost the front door key the crib key, the smoke-house key, safe key and the trunk key, and they have been found and brought to this office to have the bunch properly "strayed," as provided by law. Whoever comes up and describes them, can have the bunch, including the ring, if they pay the advertising department of this paper twenty-five cents.

FAIRY TALES.

The truth is mighty and must prevail, and the reformer who desires to improve the world will gain nothing by lying about the conditions in it.

The evangelist who goes into a town and professes to be horrified by the appalling iniquity he has discovered may earn a temporary advantage by stirring the people up to excitement, and thus to interest in his preachings, but the good sense of the people will soon be uppermost again, and they will be disgusted with such methods.

The newspaper that talks eternally of the corruption around it may attract attention for a while, but it will soon be voted a bore, and nobody will pay attention to it.

If you read the magazines, you have noticed that the muck-raking feature has been abandoned; not for lack of rakes, or much to use them on, but because the people are tired of a business that was carried to such an extreme as to become ridiculous and stupid.

The muck-rakers, whether they wear the garb of evangelists, or edit newspapers, or contribute to red hot magazines, are interesting, and their efforts are valuable, so long as they adhere to the truth. When they expose real abuses or evils they perform a public service; but the nature of the work demands exaggeration; the first essential is to attract the public attention, and the truth is seldom sensational enough, and so they invade the territory of fiction, and dig up bogies and chimeras dire which entertain for a while, but soon grow monotonous.

There is but one thing that wears that holds its colors after many washings and that is the truth.

An Eastern paper, that assumes to have a corner on virtue, and that bears a high-sounding name, has published a long story treating of the awful iniquity that has laid the town of Leavenworth desolate. Thousands of copies of this paper are being circulated gratuitously in Kansas, and the editor doubtless believes that he will make a great hit. But fair-minded people will be disgusted.

The attack upon Leavenworth is one string of exaggerations, from beginning to end. The town is represented as a hotbed of vice, that has been reduced from a population of 60,000 to 20,000 by her own licentiousness. That statement alone is sufficient to condemn the article. Leavenworth has more people today than ever before in her existence did she have a population of 25,000.

What is gained by such misrepresentation? It is certain that the cause of morality is not advanced; the vice that does exist at Leavenworth will not be diminished by it. The slanderous story, if printed about an individual, would entitle him to heavy damages, and there should be some recourse for the libel of a town.

—Emporia Gazette.

Mr. G. W. Carter returned today from a business trip to Cov-

arts.

YOU ARE INVITED

To see our Mohair suitings, Pruns, and Panamas in the new fall colors.

Skirt goods in the new shades, shadows striped mohairs and many other new things ready for your inspection.

Come See

RULES FOR DEALING WITH THE FLY NUISANCE

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sick room. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises.

All refuse which tends in any way to fermentation such as bed ding straw, paper waste and veg etable matter should be disposed of or covered with lime or kero sene oil.

Screen all food, whether in the house or exposed for sale.

Keep all receptacles for garbage carefully covered and the cany channel or sprinkled with oil or lime.

Keep all stable manure in vats or pit screened or sprinkled with lime, oil or other cheap prepara tions, such as are sold by a num ber of reliable manufacturers.

See that you sawdust waste is in good order that it does not leak, is up to date and not expos ed to flies.

Paint kerosene in to the drums.

Burn or bury all table refuse.

Screen all windows and doors especially in the kitchen and din ing room.

If you see flies you may be sure that there is something wrong in nearby filth. It may be behind the door under the table or in the cupboard.

If there is no dirt and filth there will be no flies.

If there is nuisance in the neigh borhood write at once to the Health Department.

To Kill Flies

The London "Lancet," the lead ing medical journal of the world says that the best and simplest fly killer is a weak solution of formal dehyde in water (two teaspoon fuls to the pint). Place in plates or saucers throughout the house. Ten cents worth of formaldehyde will last an ordinary family all summer. It has no offensive smell is fatal to disease organisms, and is practically non-poisonous ex cept to insects.

Pyrethrum powder, which may be burned in the house will also kill the flies.

—Issued by The Merchants' As sociation's Committee on Polli tion of the Waters of New York.

TO WHOM IT MAY CONCERN

The firm of Parish & Maynard has this day been dissolved by mutual consent. The firm will be continued by F. B. Maynard who has bought out all right and title to the business and to whom all accounts and contracts are paya ble and all firm liabilities will be paid.
